EDUCATION

Diploma in ECE

2021 – 2023

- Arulmigu Palaniandavar Polytechnic College
- CGPA:7.5

B-Tech-Information Technology

2023 – 2026

- Karpagam Institute Of Technology
- CGPA:7(Up to 6th Semester)

CAREER OBJECTIVE

- Motivated and detail-oriented student with a strong foundation in Cloud Computing, DevOps, and Full Stack Development. Proficient in Java, Python, and AWS with hands-on project experience. Seeking to contribute to impactful tech solutions in a dynamic team environment.

SKILLS

Programming

- Java
- Python

Soft Skill

- Team Management
- Creative Thinking

Frontend Technology

- HTML, CSS
- Javascript

Database Technology

- SQL

Cloud Platforms

- AWS

DevOps Enthusiast

- Kubernetes, Docker,
- Jenkins, Terraform

INTERNSHIP

Full Stack Web Development

Stark Institutions

- Completed a certified Full Stack Web Development internship at Stark Institutions, gaining hands-on experience in both front-end and back-end technologies. Worked with HTML, CSS, JavaScript, and databases to build responsive web applications and integrate APIs.

PROJECTS

Hand Control Robot

- Developed a hand-controlled robot as a part of the diploma project in Electronics and Communication Engineering (ECE).
- Designed and implemented a system to sense hand movements for controlling the robot effectively.
- Demonstrated skills in hardware integration, sensor interfacing, and innovative problem-solving.

CERTIFICATES

AWS Certified Cloud Practitioner

- Demonstrated knowledge of AWS cloud concepts, core services, and architectural best practices.
- Validated skills in cloud billing, security, and global infrastructure fundamentals.

Full Stack Web Development

- Certified by Stark Institutions in Full Stack Web Development.
- Worked on front-end and back-end development using modern web technologies.
- Gained hands-on experience in database management, API integration, and responsive UI design.
